4. “BYS Regional Junior Championship North East Development Trophy”. Donated by the Regional Committee will be awarded to the North East sailing club with the largest increases in entry numbers from the previous Regional Junior Championships who have entered by the close of entry on Sunday 7 June 2026.

Trophy Award Criteria & Clarifications

- The event’s host club is not eligible to be awarded trophies defined in points 1 and 2 above.
- Only clubs with the geographical boundary of the RYA designated “North” region are eligible for these trophies.
- The sailing club as declared at registration will be used for all prize categories where club membership applies.
- For double handed boats where the sailors are from different clubs, the helm’s club and crew’s club as declared at registration will count separately towards their home club’s entry.
- Sailors who have declared more than one club on the entry form will be allocated pro-rata across the clubs that they have declared. For example, if a sailor declares Club A / Club B then Club A will count 0.5 and Club B will count 0.5.
- U19 (on 01/09/2025) volunteering at the event will also count towards their home club’s participation data. Club membership will be declared by U19 volunteers at registration, they may select one club to represent.
- Where club participation numbers are a tie with another club, the greater distance as the crow flies as defined by Google Maps, between the participating club and host club (DRSC) will determine the winner.
- Sailors must comply with NoR 4.2 to be counted in the Club Trophy Award data.
- A representative from the club must sign for each trophy at the prize-giving.
